Air Quality Forecast for the UK

Issued by the Met Office

Today: Air pollution levels should be mostly Low across the UK today, but there is a risk of local Moderate levels given light winds and the risk of freezing fog in places.

Tomorrow: Mainly Low air pollution levels are again expected, with local Moderate levels possible near larger urban centres in mostly light winds.

Outlook: Air pollution levels should be mostly Low through this period, although there remains a chance of localised Moderate levels in urban areas where winds are light.
